

Together for Young Carers

Thursday, 19 April 2018

10am – 3pm

Dorking Halls Cinema

In Surrey there is a Memorandum of Understanding for carers and young carers called “**Together for Carers**”. This highlights how health, social care and other partners can work together to improve identification and support for carers; including young carers. In neighbouring areas similar agreements are in preparation, including in the Frimley Health STP area.

This event will highlight how professionals can improve identification and support for young carers by working together. It will share materials developed to help this happen: in each case developed with young carers’ involvement. This will include getting you to see:

The new film “**People Like Us**” and view resource materials for schools to support its use and consider how this can help you in your work (this could be used in team meetings and community settings as well as schools). It will be free to Schools in Surrey and the Frimley Health Area

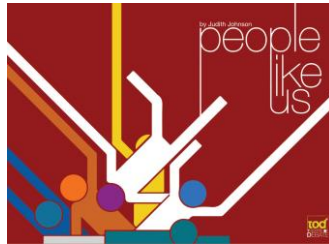

- A new leaflet and poster for young carers designed by the Surrey Young Carers Forum. The idea is to get the wide distribution of these in schools, NHS settings and the wider community to identify hidden Young Carers. (so far, we have only identified around 20% of young carers in Surrey so there is so much more to do)
- “**About Me**” and “**iCare**” to support young carer conversations within assessment processes
- How to support our **Young Carers Guardian Angel** programme

This is a brilliant opportunity to learn about what’s being achieved locally in Surrey & neighbouring areas and how we can all go further in using effective resource materials to support young carers in all sectors - health, social care, education, voluntary and other support services.

To take part in this free event (refreshments & lunch are included) and to avoid disappointment, **please apply as soon as possible by emailing the attached application form** or include the required information in a simple email to: Training@actionforcarers.org.uk .Please also kindly alert/forward to relevant colleagues who would benefit from attending.
